SUMMARY

"Passionate MERN stack fresher with a strong foundation in JavaScript and a particular interest in back-end development using Node.js. Eager to apply my coding skills in real-world projects, contribute to dynamic web applications, and continually learn and grow in the tech industry."

EDUCATION

United Institute of Technology

Bachelor of Technology (B. Tech) in Computer Science & Engineering

September, 2020 - June, 2024
Prayagraj, U.P.

Sanskar public school

2020 Senior School (12th) - Central Board of Secondary Education

April, 2018 - March,
Prayagraj, U.P.

Sanskar public school

High School (10th) - Central Board of Secondary Education

April, 2016 - March, 2018
Prayagraj, U.P.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, Core Java, SQL
Frameworks & Libraries: Node.js, Express, React
Databases: MySQL, MongoDB
Dev Tools: Git, GitHub, Postman, VS Code
Additional: Basic Data Structures and Algorithms, OOPs.

PROJECTS

E-commerce Website | MongoDB, Express, React, Node.js

Repository

- Developed and implemented key features such as authentication (login/signup) to ensure secure user access, using MongoDB as the backend for robust data management.
- Designed and integrated functionalities that allow sellers to add products, with dynamic updates to the buyer's page, enhancing the user experience for both buyers and sellers.
- Built the entire e-commerce platform following a MERN stack approach, ensuring a responsive, scalable, and efficient web application

Bags E-store | EJS, Nodejs, Express.js, MongoDB

Repository

- Developed a full-stack e-commerce web application using Node.js, Express.js, and MongoDB.
- Implemented user authentication, cart management, and order processing with JWT- based authentication and secure user sessions.
- Designed dynamic user interfaces with EJS and integrated Tailwind CSS for responsive design.

Food Delivery -Tomato | Html, CSS, JavaScript, react_

Repository

- Designed and developed a responsive, user-friendly interface using HTML, CSS, and JavaScript, ensuring a seamless shopping experience across devices.
- Implemented React for dynamic, interactive components, enhancing user experience with real-time updates and smooth navigation.

HOBBIES

- Computer Programming, exploring and learning about computer and its related technologies
- Exploring new gadgets
- Photography
- Playing volleyball and cricket
